In the year 1290, Melchior (Spanish for "born") is born, bringing with him the Holy Grail. A hooded figure places a cryptic triangle on the child, turning him into a freak of nature and stealing his ability to see into anything. To add to his problems, his parents are murdered by the very same people who abducted him, and the boy is forced into a state of undeath to be their servant. By chance, the boy survives, and flees with the triangle in search of the answers to his past. It's up to him to hunt down the killers and end this murderous journey. Why Mute described it as "Transcendental Surgical Simulator" would be a worthy download. All torrent downloads are mirrored at the Isohunt website or an other. ...
